My Mark 8/10

I gave myself 8 for 2 reasons that I can think of. Firstly, my cuneiforms were very messy and the space I had wasn't evenly used, my first offering was very big and my second offering and my signature was small. Secondly I didn't get to spend too much time to make it neat because I took long trying to make my square.

During this activity I really liked making the square because it has been a very long time since I worked with clay. I found writing/drawing the cuneiforms hard because the popsicle stick made it look messy. so I had to spend a lot of time trying to get it neat. Next time if I ever get to do this again I would try using a different tool to use and try to use the space effectively.
